Education

September 2018 - October 2020
College of the North Atlantic - Stephenville - *Digital Filmmaking Graduate*

September 2015-June 2018
Carbonear Collegiate, Carbonear - *Grade 12*

Skills

During my college training I have acquired skills in screenwriting, camera operating, lighting/grip, directing and film editing. I have produced and directed a number of short films and acted in others. I have experience with word processing programs (MSWord and Apple Pages), Adobe Photoshop and film editing using Avid. I often use Social media and have my own YouTube channel where I post my films.

I am an enthusiastic, respectful, honest, friendly and positive thinking individual who is always looking for a new challenge. I am hard-working, physically fit and I am looking for a chance to work with others and be part of a team.
